### **Progress on Park improvements**

Check out these pictures on extending the sidewalk to new a pad for our future gazebo and to the playground AND a new area for golf cart and bike parking.

### **Sad News**

William Stewart of 4759 Fairloop recently passed away. Our thoughts go out to his friends and family at this sad time.

### **Compliance Reminders**

In the next few weeks Compliance will start to check our roofs, gardens, and general maintenance of our houses, so now is the time to start to look at these items around our homes

Do you have nasty stains on your house and concrete? You could utilize Rust Aid by Goof Off. Here is a link to a video for you to preview <https://www.youtube.com/watch?v=C8ietUei7rY>. Home DePot and Lowes carry products like this.

When having work completed on your house by a vendor (power washing, roofing, painting, etc), please remember that the company's sign may only be displayed while the company is actually working at your home.

Compliance would like to thank people for not placing trash and recycle cans out early and then placing them back into the garage in a timely fashion after collection.

### **Storm Season Continues**

Currently we are in mid season for storms. Please be reminded that lawn ornaments and outdoor lighting fixtures can become projectiles during any kind of wind event. It is best to store these items in an area so they do NOT blow around during a storm.

For some helpful hints and suggestions, check out the disaster preparedness plan on the Westminster website under the owners tab. You do not have to sign in to see this plan.

When there is a flooding event in the community, please be cognizant while driving. We're asking people not to enter Governors Run unless they live there when there is flooding. When you drive cars and golf carts through standing water you cause the water to go up on the lawns and driveways causing damage to your neighbor's property.

[A Great Big Thank You to Greg Patryna for 11 years of service to the ARC .](#)
