Some important reminders

The speed limit in the community is 19 mph

There are stop signs- please STOP at them

Many residents walk or ride a bike in our community. Be watchful of your neighbors out enjoying themselves

Do NOT feed the wildlife. It is a law that you cannot feed the wildlife.

Lock your car- even in your driveway

Some Reminders from ARC

You must receive ARC approval **before** you begin work at your house. The form is found on the Westminster website.

If you have questions about your request, please e mail the ARC chair at arcofwestminster@gmail.com.

If you have submitted a roof tile for ARC approval, please pick up that tile after you receive your approval.

The Fusarium wilt disease seems to be back in the community. IF your queen palm has suddenly died, please remove it immediately, then submit an ARC form. The disease is highly contagious and will spread rapidly to other queen palms. Make sure you have two trees remaining on your property (according to Lee County) or you must plant another tree to replace the removed tree. All other tree removals must have prior ARC approval.

A change in mulch requires an ARC approval

The Document Review Committee information can be found online for your review. This information will also be sent to you for your review before our annual meeting
