Reminder

Several residents have made aggressive landscaping/clearing projects on property outside of their own lot; in some cases the clearing has been done on Golf Course property or in protected areas often with the use of power equipment. Work of this nature is strictly prohibited and carries severe penalties.

To protect yourself from any problems it is suggested that when contemplating clearing vegetation that you contact the Golf Course for guidance and approval.

They are ready to help you.

Thanks to Jack Griffith for the pictures!
